Mission

The Twin Falls Educational Foundation was formed in 1991 to improve and enhance the quality of education within the Twin Falls School District.

Our mission is to function as an independent entity and have members who support and promote excellence in education. Working in partnership with the Twin Falls School District, the Foundation encourages, receives, and administers funds for various educational purposes. Because of our non-profit status, the Foundation has been able to receive and award gifts since its inception.

A cross section of the community serves on the Foundation Board, which is limited to a minimum of five members to a maximum of thirty members. Presently, members associated with the Foundation serve on a volunteer basis and there are no paid directors or staff.

Foundation Bequests

The Foundation receives gifts, bequests, monies, and real and personal property which are used for the benefit of Twin Falls School District, its educational programs and services, and any other purpose authorized for non-profit corporations by Idaho Code.

As a Foundation contributor, you join a growing family whose donations have advanced the quality of services and programs offered by the Twin Falls School District and assist in its future improvement projects.

Yes!

I would like to make a charitable contribution to the Twin Falls School District Education Foundation.
I would like this contribution to be used for:

Foundation Directed Designated Program (specify) _____ and/or Property (value) _____
Amount to be given (cash) \$ _____
